Public works Conservation Dept. of Highways (MIT) Manitoba Hydro Other _____

REMARKS:

I undertake to comply with all requirements of the zoning and any other applicable by-law, condition, order, or any other requirement applicable to the proposed development. I understand that this approval in no way relieves me from complying with the requirements of any other Provincial or Federal department or agency, or Utility company prior to the commencement of construction, unless otherwise authorized by that department, agency, or company. I ensure that the proposed construction activity will take place entirely within the owner's property as described above, and will not take place on any adjacent lands unless written consent is obtained prior to commencing the project. I also undertake to contact all utility companies prior to excavating in areas where underground utilities exist. I further undertake to indemnify and save harmless the Municipal body in which this permit was applied for against all losses, costs, charges, or damages caused by, or arising out of anything done pursuant to this permit or any other Municipal approval issued with this proposed development.
